## LIGO LINEN FURNITURE

With relaxed luxury and comfort in mind the Ligo Modular Collection was designed to enhance any living space, bedroom or retreat with effortless style.

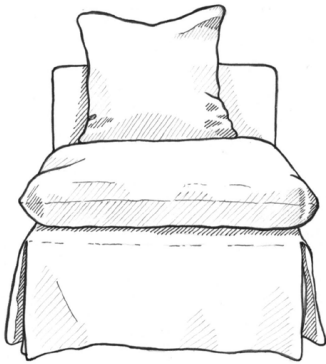

Ligo Modular pieces allow you to create the ideal configuration to work within the restraints of your room. Utilise two [Corner Chairs](#) and an [Armless Chair](#) to put together a three seater sofa. Add our [Ligo Ottoman](#) with either Ligo Chair to create an enticing chaise. Or simply use our Ligo Chair options on their own.

Our linen slipcovers have been woven with the finest Belgian yarns, which have been dyed and over washed in Italy to reflect a soft, aged patina. Designed with convenience in mind Ligo Slip Covers are completely machine washable.

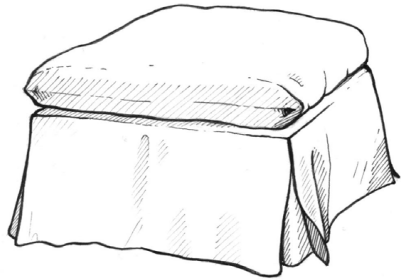

Add our optional [Ligo Scatter cushions](#), allowing flexibility for styling and support, or include our stylish [Crush Throws](#) to add further colour and texture to your room.
