

THE ART OF THE PAST

MOODY GREYS AND CLASSICAL STATUES EVOKE ANOTHER ERA.

SAVVY SHOPPER

Old and new collide in the modern approach to creative living. Traditional techniques such as repetition and trompe l'oeil inform a neoclassic sensibility. Antiquity is revisited and modern lines softened by texture and patina. The Balaustra wall frieze by Cole & Son more than hints at ancient ruins, reproduced into a neat wall feature. The zinc frame and plaster bust from Tarlo & Graham function as architectural found objects that anchor a space through age and patina. The Modern Art riddle conjured through the Third Drawer Down canvas sums it up. Modern art is at once simple yet complex, but only by looking to the past can we see the future.
